Between Ezekiel, Daniel, Zechariah and Revelation

This reference chart connects similar uses of symbolic language (and some literal cross-references) across prophetic and apocalyptic scriptures. These are useful in determining how each symbolic phrase, word, or concept is used in such writing. The references may not refer to the same **literal** things, but you can use these references to learn about the use of the symbols from a scriptural perspective. Use of this reference (as well as the "Symbols in the Book of Revelation" Chart) should be guided by good interpretive methods, especially Ron Courter's advice on symbolism.
